25th: Picked up Sedative and coverer a bottle of Leptch and she asked me to come to her appropriate and help her drink it. I will. I must find out if she is taciture or just naturally dume. If a few drinks doesn't loosen her towner, i'll cross her off my list.

Mrs. Poseman valled and invited me and mine to a tirthday party she is riving for her anushand. There is comething about this artistic circle that ion't altograms normal. I intend to get a more intimate sequentance with it. Viola, (I mean trs. Poseman) wanted an extra girl for the party but she wouldn't have sedative.

26th: Seamy is back from Cape Town. He seemed surprised when I told him I was now doing mineral work. He said no word had been received from Washington recording this matter. I said no word was needed. I was beapened attache wording primarily on minerals and there was no reasonable attache was him primarily on Mith that, he brightened and said perhaps I was right, so that's the way it is. He showed we the cape sent to him warch 30, which departs somewhat from yours of about the same time. His cable read in part "no objection to X caliating in mineral work until Frisble's arrival at which time he can devote full time to primary mission with cover well established." Our limison officer might point out to the Department that covers must be maintained as well as established.

27th: Attended a cocktail party fiven by Major Morgan to welcome the military group just returned from Sermany. Met, and talked with: Grig! Hirst, British Hilliary Melson Officer; Captain Glass, Assit British Military Advisor; Commodore Dean, who figured prominently in the recent J.A. Military reshurtle; Louglas Culinan, son of Sir Thomas Culinan of dispond thee, and very wealthy in his own right. Glass and Culinan scened interested in furthering the acquaintanceship. Will do.

A scotch and soda, even tocket rise since it with surprising a scotch and soda, even tocket rise since it with surprising moderation, seemed to relax ber inhilitions. It untied her tongue moderation, seemed to relax ber inhilitions. It untied her tongue tut not to the moint of loquacity. I her new something of her tut not to the moint of loquacity. I her new something of her trake up as the artist members married one by one. I sensed a trake up as the artist members married one by one. I sensed a titterness, a disillusionment and suny unspoken reproaches against fitterness, a disillusionment and suny unspoken reproaches against betterness, a disillusionment and suny unspoken reproaches against titterness, a disillusionment and suny unspoken reproaches against bitterness, a disillusionment and suny unspoken reproaches against bitterness.

29th: Attended a party at Aubrew Poseman's. When, at 2:30 A.b., the hardler muests prepared to make a night of it, we left. The group, artistically inclined, was settling down for a reading of quaint, erotic tales.

Toth: Drove to Johannesburn to fick up his. and Mrs. Angus Collie, then to Germistown to attend the ruces with the Alex Mise's. In the evening Wise mayon forty, following which we drove back to Johannesburg and spent the night with the Collie's.
